

An action-packed, story-driven top-down shooter with vibrant pixel graphics and a pumping soundtrack.

Fight your way through hallways of castle-like spaceships, neon lit alleys and futuristic medieval fortifications using an array of powerful weapons and special devices.

### PLASMA-HEATED ACTION

- Challenging gameplay with melee and ranged weapons
- Multiple possible playstyles with various special devices
- Beautifully handcrafted levels with great attention to detail
- Unique space viking theme, combining dark medieval times with science fiction
- An original, electrifying soundtrack

### MEAD-SOAKED TALE

A mysterious rock of unknown origin has struck on to the surface of Earth, bringing with it amazing technology never seen by humans before.

As Redgar, a young and reckless space viking, you must save your family from the evil regime of Stratos X, who plans to take over the world with the help of old gods.

Uncover the secret of the mysterious amulets and the power that lies inside them.
